शाखा अधिकृत

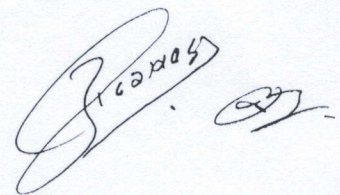

Clarification to Queries by Bidders for
The supply, delivery, installation and commissioning of IT Equipment and Software License for
DR Site & Branded Desktops & Laptops (IFB No: MOF-IT 01/074-75)

Clarification issue#: CLARIFICATION-01
Clarification Issue date: 17th Nov. 2017

Following clarifications are made for the questions from one of Bidder on 8th Nov 2017 by official letter for The supply, delivery, installation and commissioning of IT Equipment and Software License for DR Site & Branded Desktops & Laptops (IFB No: MOF-IT 01/074-75)

Questions/Queries	Clarification
RFP has mentioned 2 unit of SAN, please mentioned the communication protocol and desired speed	The unit of SAN (1) & SAN Switch (2) (10G iSCSI) is clearly mentioned in RFP, Refer to Technical Specification of SAN.
Integrated KVM switch module is available only in DELL, since you are trying to establish your new DR, we don't see any requirement to make the specification in favour of Dell	Integrated KVM for blade server is standard feature. Bidders can purpose the required technology for KVM.
Provision to stack up to 6 blade chassis is also available only in DELL, hence you are requested to manage the specification accordingly so as to enhance participation of other brands too	Stacking/Unified Management of multiple blade server is standard feature. Bidders can purpose required Software/Hardware for Stacking/unified management of 6 or more blade chassis.
SD Card in blade module is required or not?	The Specification of SD card is clearly mentioned in RFP, Refer to Technical Specification. (Section V Schedule of Requirement of SBD.)
